Product Description

Bilberry Extract

Description

Bilberry Extract is derived from the fruit of *Vaccinium myrtillus*, a small dark purple berry closely related to the blueberry. This extract is rich in antioxidants, including anthocyanins and flavonoids. In cosmetic formulations, Bilberry Extract is well-regarded for its antioxidant properties. It helps protect the skin from free radicals, environmental pollutants, and UV-induced damage, supporting a more youthful and healthy-looking complexion. Additionally, Bilberry Extract is believed to have soothing effects, making it beneficial for calming sensitive or irritated skin. Its natural compounds contribute to skin nourishment and overall skin vitality.

Application

Antioxidant Skincare: Bilberry Extract is commonly used in antioxidant-rich skincare products, including serums, creams, and lotions, to provide protection against oxidative stress and support overall skin health. **Natural Skincare:** The extract is included in natural and botanical skincare products that prioritize the use of plant-based ingredients for skin health and well-being. **Sensitive Skin Formulations:** Bilberry Extract is found in skincare products designed to soothe and calm sensitive and irritated skin, reducing redness and discomfort.
