Description	The ceramides mixture consists of hydroxy and non-hydroxy fatty acid-containing ceramides. Ceramides are generated from sphingomyelin through activation of sphingomyelinases or through the de novo synthesis pathway, which requires the coordinated action of serine palmitoyl transferase and ceramide synthase. They have been shown to mediate antiproliferative responses such as apoptosis, growth arrest, differentiation, and senescence.
Uses	Ceramides are widely used in cosmetics, including shampoos, deodorants and make-up.

## Description

Discover the ultimate secret to achieving supple, youthful skin with Ceramides, CAS 100403-19-8. Say hello to a smoother, more radiant complexion as you embrace the numerous benefits of this skincare powerhouse.

**Unlock Hydration:** Ceramides are nature's moisture-retaining champions. They create a protective barrier on your skin, locking in essential moisture and preventing dehydration. Say goodbye to dry, flaky skin and hello to a complexion that exudes vitality.

**Restore Your Skin's Barrier:** Daily exposure to environmental stressors can weaken your skin's natural defenses. Ceramides, your skin's natural building blocks, step in to reinforce this vital barrier. Rebuild and rejuvenate your skin, enhancing its resilience against external aggressors.

**Reduce Signs of Aging:** Bid adieu to fine lines and wrinkles as ceramides work their magic. By improving skin elasticity and supporting collagen production, you'll notice a visible reduction in the signs of aging. Your skin will look smoother and more youthful with each use.

**Soothe and Calm:** If you have sensitive or irritated skin, ceramides offer soothing relief. They help alleviate redness, inflammation, and discomfort, leaving your skin feeling calm and comfortable.

**Versatile and Gentle:** Suitable for all skin types, ceramides are gentle yet effective. Whether you have dry, oily, or combination skin, you can count on ceramides to provide balanced, nourishing care.

**Enhance Your Confidence:** Reclaim your confidence with skin that radiates health and vitality. Ceramides, CAS 100403-19-8, are your ticket to revitalized, rejuvenated skin.

Don't wait to experience the remarkable benefits of ceramides. Elevate your skincare routine and reveal your skin's true potential. With ceramides as your trusted skincare ally, you're one step closer to achieving the complexion you've always desired.

Your journey to healthier, more youthful skin begins here. Order Ceramides, CAS 100403-19-8, today and start enjoying the transformative power of nature's skincare secret. Unlock the radiant, supple skin you deserve.

## Application

One of the main components of the cell membrane, maintaining the stability and fluidity of the membrane

Participates in a variety of cell signaling pathways to regulate cell differentiation, proliferation, apoptosis and aging.

Forms a water-permeable barrier for the skin to prevent water evaporation and microbial invasion

Used to treat skin conditions, such as eczema, or as an ingredient in cosmetics, such as soaps, shampoos, skin creams, and sunscreens

## FAQ

### How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.

2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

#### **Which delivery alternatives are available?**

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

#### **How are your products verified?**

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

#### **Does a discount apply to large orders?**

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

#### **What forms of payment do you accept?**

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

#### **Do you deliver to parcel lockers at PO boxes?**

YES, we could deliver to parcel lockers at PO boxes!

#### **Can I get a tracking number from you?**

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
