

Grape Seed Extract Antioxidants Vc CAS 84929-27-1 for Cosmetics

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-84929-27-1
- Minimum Order Quantity: 1KG
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 2000T

Product Specification

- Product Name: Grape Seed Extract
- CAS NO: 84929-27-1
- Purity: 99%
- Shelf Life: 2 Years

Product Description**Specifications:**

Product Name:	Grape Seed Extract
Synonyms:	Extract of grape leaf;Unii-T3pw93ib4q;Vitis vinifera L. (vitaceae), extract;Grape Seed Extract, 95 Percent, Powder;GRAPE SEED EXTRACT;Grape seed dry;Grape skin;Grape, red, ext.
CAS:	84929-27-1
MF:	C32H30O11
MW:	590.574
EINECS:	284-511-6
storage temp.	Inert atmosphere,Room Temperature
solubility	Soluble in DMSO
form	Solid:particulate/powder
Uses	Grapeseed may be used as an antioxidant and an anticancer treatment. It may also be used to treat varicose veins, circulatory problems, and vision problems such as cataracts, and to improve vision by lessening eye strain.

Description:

Grape Seed Extract CAS 84929-27-1 is a natural product extracted from grape seeds, a rich source of polyphenols. Below is a detailed product description for Grape Seed Extract CAS 84929-27-1, an excellent ingredient with numerous applications:

Grape seed extract CAS 84929-27-1 is a dark brown powder with high solubility in organic solvents such as ethanol and methanol. It has good stability under environmental conditions and is widely used in the food, cosmetics and nutraceutical industries as a natural antioxidant, colorant and flavoring agent.

In the food industry, grape seed extract CAS 84929-27-1 is used as a natural colorant to impart a rich purple color to a variety of food products, such as juices, jams and pastries. It also acts as an antioxidant in these products, stabilizing color and extending shelf life. Additionally, grape seed extract has been shown to have anti-inflammatory and antioxidant activities in the body, making it a beneficial ingredient in functional foods and dietary supplements.

In cosmetics, grape seed extract CAS 84929-27-1 is used as an antioxidant and UV protectant in creams, lotions and sunscreens to combat oxidative damage and UV-induced skin aging. It can also be used in hair care products to impart purple color and UV protection to hair strands.

We use advanced production technology to specialize in the production of high-purity grape seed extract CAS 84929-27-1. Our products have good solubility and bioavailability and are suitable for use in a variety of pharmaceutical, cosmetic and nutraceutical formulations.

Application:

CAS number 84929-27-1, designated as grape seed extract, is a natural product extracted from grape seeds, which are a rich source of polyphenols. Grape seed extract has a wide range of applications in different fields.

1. An important application of grape seed extract is as a dietary supplement and food additive. Grape seed extract is a powerful antioxidant that has been extensively studied for its ability to scavenge free radicals and reactive oxygen species (ROS). It has been shown to have anti-inflammatory and anti-cancer properties and is thought to help reduce the risk of certain chronic diseases, such as cardiovascular disease and certain types of cancer.

2. In the nutraceutical industry, grape seed extract is often marketed as a supplement to support cardiovascular health and overall health. It is also used as a food additive to enhance the color of foods such as juices, tomato sauces and processed meats. The purple color of grape seed extract is due to its ability to absorb wavelengths of light in the visible range, making it an ideal ingredient for adding color to foods.

3. In the cosmetics industry, grape seed extract is used as an antioxidant and UV protectant in creams, lotions, and sunscreens. It can help prevent UV damage to the skin by absorbing UV rays and preventing oxidative stress. In addition, grape seed extract is used in hair care products to impart purple color and UV protection to hair strands.

The stability of grape seed extract under different conditions has been extensively studied and it is known to be sensitive to light, heat and oxygen exposure. To maintain its stability and potency, grape seed extract should be stored in dark bottles and protected from light, heat, and oxygen.

In summary, CAS No. 84929-27-1, designated Grape Seed Extract, is a natural product extracted from grape seeds, which are a rich source of polyphenols. It has a wide range of applications in the nutraceutical, cosmetic and food industries due to its antioxidant, UV protection and coloring properties. To maintain its stability and potency, it should be stored under appropriate conditions to protect it from exposure to light, heat, and oxygen.

Advantage:

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.

2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.

3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full

if we were the source of the loss.

FAQ:

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
