### Description:

Cranberry extract is a natural juice concentrate extracted from cranberries, a rich source of polyphenolic compounds. Below is a detailed product description of cranberry extract, an excellent ingredient with many uses:

Cranberry extract is a dark red to purple liquid with a rich flavor and high viscosity. Soluble in water and alcohol, has good stability under ambient conditions. The main polyphenolic compound in cranberry extract is proanthocyanidins, which account for approximately 20% to 30% of the total phenolic content.

1. An important application of cranberry extract is as a dietary supplement and food additive. Cranberry extract is a rich source of proanthocyanidins, which have been shown to have strong antioxidant activity. It can be used as a natural preservative to extend the shelf life of a variety of foods, such as juices, jams and salad dressings. In addition, cranberry extract is used as a flavoring agent in beverages, yogurt, and baked products to impart a rich, fruity flavor.

2. In the nutraceutical industry, cranberry extract is marketed as a supplement to support cardiovascular health and overall well-being. It is thought to help reduce the risk of certain chronic diseases, such as cardiovascular disease and diabetes, by acting as an antioxidant and anti-inflammatory agent. Cranberry extract has also been shown to have antibacterial activity, making it a beneficial ingredient in oral care products and cough syrups.

3. In cosmetics, cranberry extract is used as an antioxidant and UV protectant in creams, lotions, and sunscreens to combat oxidative damage and UV-induced skin aging. It can also be used in hair care products to give strands a rich purple color and UV protection.

## FAQ:

### How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often.

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

### Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

### How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

### Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

### What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

### Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

### Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
