alpha-Glucosyl Hesperidin CAS 161713-86-6 Unleash the Potential of a Unique **Flavonoid Compound**

Basic Information

. Place of Origin: China Brand Name: Firsky

FS-CAS 161713-86-6 Model Number:

Minimum Order Quantity:

Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in

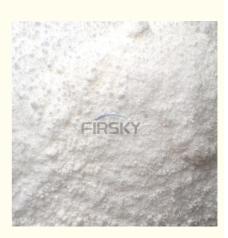

different specifications. Packaging can be

customized according to customer requirements. Aluminium foil bag and carton.

• Delivery Time: 7-15 days

• Payment Terms: T/T, Western Union, MoneyGram

• Supply Ability: 2000T

Product Specification

2 Years Shelf Life:

• Product Name: Alpha-Glucosyl Hesperidin

· CAS NO: 161713-86-6

99% • Purity:

Product Description

Product Description

form	White Powder
solubility	Soluble in water
MW:	772.70100
MF:	C ₃₄ H ₄₄ O ₂₀
CAS:	161713-86-6
Synonyms:	α -glucosyl-hesperidin,G-hesperidin, α G-HESPERIDIN PS.(R).
Product Name:	alpha-Glucosyl Hesperidin

Description

Alpha-Glucosyl Hesperidin (CAS 161713-86-6), a remarkable combination of hesperidin and glucose molecules. With its enhanced solubility and bioavailability, Alpha-Glucosyl Hesperidin offers a wide range of applications for optimal health and well-being.

Alpha-Glucosyl Hesperidin is derived from citrus fruits and is known for its exceptional properties. Here's why our Alpha-Glucosyl Hesperidin product stands out:

Powerful Antioxidant Activity: Alpha-Glucosyl Hesperidin exhibits potent antioxidant properties, effectively neutralizing free radicals and protecting cells from oxidative damage. By supporting the body's natural defense system, it promotes overall cellular health and contributes to a healthy aging process.

Skin Health and Radiance: Experience the transformative benefits of Alpha-Glucosyl Hesperidin for your skin. Its antioxidant and anti-inflammatory properties help protect against environmental stressors, reduce inflammation, and promote a more youthful and radiant complexion.

Vascular Support: Alpha-Glucosyl Hesperidin has shown promise in supporting vascular health. It may improve blood circulation, strengthen blood vessels, and reduce the risk of cardiovascular diseases.

Eye Health: Research suggests that Alpha-Glucosyl Hesperidin may have benefits for eye health. It helps protect the retina from oxidative stress, reducing the risk of age-related macular degeneration (AMD) and supporting overall vision health.

Cognitive Function Enhancement: Alpha-Glucosyl Hesperidin may have neuroprotective effects and support cognitive function. It helps enhance memory, improve focus, and reduce cognitive decline associated with aging. Weight Management Support: Alpha-Glucosyl Hesperidin has been studied for its potential role in weight management. It aids in regulating lipid metabolism, reducing fat accumulation, and supporting healthy body weight.

Application

Alpha-Glucosyl Hesperidin (CAS 161713-86-6) is a unique compound that combines hesperidin, a flavonoid found in citrus fruits, with a glucose molecule. This glycosylation enhances its solubility and bioavailability, making it an excellent choice for various applications. Here are some common usages of Alpha-Glucosyl Hesperidin:

Antioxidant Support: Alpha-Glucosyl Hesperidin exhibits potent antioxidant activity, helping to neutralize free radicals and protect cells from oxidative damage. It can support overall cellular health and contribute to a healthy aging process.

Skin Health: Due to its antioxidant and anti-inflammatory properties, Alpha-Glucosyl Hesperidin is often used in skincare products. It may help protect the skin from environmental stressors, reduce inflammation, and promote a more youthful and radiant complexion.

Vascular Health: Alpha-Glucosyl Hesperidin has shown promise in supporting vascular health. It may help improve blood circulation, strengthen blood vessels, and reduce the risk of cardiovascular diseases.

Eye Health: Research suggests that Alpha-Glucosyl Hesperidin may have benefits for eye health. It may help protect the retina from oxidative stress, reduce the risk of age-related macular degeneration (AMD), and support overall vision health.

Cognitive Function: Some studies indicate that Alpha-Glucosyl Hesperidin may have neuroprotective effects and support cognitive function. It may help enhance memory, improve focus, and reduce cognitive decline associated with aging.

Weight Management: Alpha-Glucosyl Hesperidin has been investigated for its potential role in weight management. It may help regulate lipid metabolism, reduce fat accumulation, and support healthy body weight. It's important to note that further research is needed to fully understand the extent of Alpha-Glucosyl Hesperidin's benefits and its mechanisms of action. As with any dietary supplement or compound, it's advisable to consult with a healthcare professional before using Alpha-Glucosyl Hesperidin for specific health purposes, especially if you have underlying medical conditions or are taking other medications.

Advantage

- 1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.
- 2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.
- 3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

- 1. Please let me know which products you require and how many of each you need.
- 2. We will provide you with the best pricing right away, including delivery charges.
- 3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
- 4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
- 5. Two days after the package is sent out, a tracking number and packing photo will be provided.
- 6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
