

99% Purity Rhodiola Rosea Extract CAS 97404-52-9

Our Product Introduction

for more products please visit us on firskytech.com

Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-97404-52-9
- Minimum Order Quantity: 1KG
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 2000T

Product Specification

- Product Name: Rhodiola Rosea
- CAS NO: 97404-52-9
- Purity: 99%
- Shelf Life: 2 Years
- Highlight: **Rhodiola Rosea Extract 97404-52-9, 99% Purity Rhodiola Rosea Extract**

Product Description

Factory Supply Rhodiola Rosea Extract CAS: 97404-52-9

Specifications:

Product Name:	Rhodiola Rosea
Synonyms:	Smilax aristolochiaefolia, ext.; Smilax aristolochiaefolia extract; Rhodiola Rosea Extract; Rhodiolaroseal.P.E; Rhodiola Rosea; Salidroside; Rhodiola; Smilax aristolochiaefolia extract
CAS:	97404-52-9
EINECS:	306-819-2
Appearance:	Brown yellow powder
Uses	Rhodiola is a plant in the Crassulaceae family that grows in cold regions of the world. The perennial plant grows in areas up to 2280 meters elevation. Several shoots grow from the same thick root. Shoots reaches 5~35 cm in height. Rhodiola rosea is dioecious – having separate female and male plants. It has been used in traditional Chinese medicine, where it is called hóng jǐng tiān. It is effective for improving mood and alleviating depression.

Description:

We are a leading supplier of premium chemical raw materials, specializing in the distribution of Rhodiola rosea. Our company is committed to providing reliable, pure Rhodiola rosea extract derived from the roots of the Rhodiola rosea plant. With its unique properties and diverse applications, Rhodiola rosea (CAS 97404-52-9) is a valuable ingredient in the pharmaceutical, nutraceutical and cosmetic industries.

Rhodiola rosea, also known as "golden root" or "arctic root," is a perennial herb that grows in mountainous areas of Europe and Asia. The following are the main characteristics and applications of Rhodiola rosea:

Adaptogenic Properties: Rhodiola rosea is known for its adaptogenic properties, which means it helps the body adapt to various stressors. It is thought to regulate the release of stress hormones and support the body's ability to resist physical and mental stress. Rhodiola rosea is often included in formulas designed to promote stress relief, improved mood, and overall health.

Cognitive Function: Rhodiola rosea has been studied for its potential cognitive-enhancing effects. It is thought to improve mental performance, concentration and memory. The extract is often included in nootropic preparations designed to support cognitive function and mental clarity.

Energy and Endurance: Rhodiola rosea is known for its potential to increase physical endurance and reduce fatigue. It is often used by athletes and individuals seeking an energy boost during sporting activities. Rhodiola rosea extract is included in sports nutrition products and energy supplements to support endurance and performance.

Skin care: Rhodiola rosea extract is also used in the cosmetic industry for its potential benefits in skin care. It is thought to have antioxidant and anti-inflammatory properties that help protect skin from environmental damage and soothe irritation. Rhodiola rosea extract is often included in skin care products designed to promote a healthy complexion and relieve skin sensitivity.

Application:

CAS number 97404-52-9 corresponds to Rhodiola rosea, also known as golden root or arctic root. Rhodiola rosea is a perennial herb native to the Arctic regions of Europe, Asia, and North America. It has been used in traditional medicine systems for centuries, especially in Eastern Europe and Asia. Here are some of its potential applications:

- 1. Adaptogenic Properties:** Rhodiola rosea is classified as an adaptogen, which means it helps the body adapt to physical, mental and environmental stressors. It is thought to support the body's stress response system, improve resiliency, and promote overall health. Rhodiola rosea is commonly used to combat fatigue, increase endurance, and improve mental performance and concentration.
- 2. Mood and emotional health:** Rhodiola rosea has been traditionally used to support emotional health and mood regulation. It is thought to have antidepressant and anxiolytic properties and may help relieve symptoms of mild to moderate depression and anxiety. Rhodiola rosea may also improve cognitive function and reduce mental fatigue.
- 3. Physical Performance and Endurance:** Rhodiola rosea is often used by athletes and individuals seeking to enhance physical performance and endurance. It is thought to improve oxygen utilization, increase energy levels and reduce fatigue. Rhodiola rosea may also support muscle recovery and reduce muscle damage caused by strenuous exercise.
- 4. Immune function:** Rhodiola rosea has been studied for its potential immunomodulatory effects. It may help regulate immune function, enhance immune response, and improve resistance to infection. However, further research is needed to fully understand its mechanism and effectiveness in this regard.
- 5. Neuroprotective effects:** Some studies suggest that Rhodiola rosea may have neuroprotective properties and may be beneficial in neurodegenerative diseases. It has been found to have antioxidant and anti-inflammatory effects in the brain, which may help prevent age-related cognitive decline and neurodegenerative diseases such as Alzheimer's and Parkinson's disease.

Advantage:

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.

2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.

3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

FAQ:

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often.

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
