Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-94-07-5
- Minimum Order Quantity: 1KG
- Price: \$30.00 - \$50.00
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 20000T

Product Specification

Description

Welcome to our company, a leading supplier of high-quality chemical raw materials. We specialize in providing a wide range of chemical products, and we are delighted to introduce our flagship offering, Synephrine (CAS 94-07-5), catering to your specific chemical needs with exceptional reliability and performance.

Synephrine, also known as p-synephrine or Citrus aurantium extract, is a naturally occurring compound with remarkable properties. Our Synephrine, sourced from reputable manufacturers, is of the highest quality and purity, making it the ideal choice for your chemical requirements.

Key Features:

1. **High Purity:** Our Synephrine (CAS 94-07-5) is meticulously produced using advanced manufacturing techniques, ensuring a high level of purity that meets or exceeds industry standards.
2. **Versatility:** Synephrine finds applications across various industries, including pharmaceuticals, food and beverages, and dietary supplements. Its unique properties make it a valuable ingredient for numerous formulations and processes.
3. **Stability:** Our product is formulated to exhibit exceptional stability, ensuring its reliability and effectiveness for a wide range of applications.
4. **Quality Control:** We prioritize quality control at every stage of the manufacturing process, ensuring that our Synephrine consistently meets the required specifications and purity standards.
5. **Expertise:** With our extensive experience and a team of skilled professionals, we are committed to providing chemical raw materials that surpass customer expectations.

Applications:

Synephrine (CAS 94-07-5) has diverse applications in various industries, including:

- **Pharmaceuticals:** Synephrine is utilized in the pharmaceutical industry for its potential therapeutic properties. It is known for its stimulant and vasoconstrictor effects. It may be used in formulations targeting conditions such as low blood pressure, nasal congestion, and respiratory disorders.
- **Food and Beverages:** Synephrine has applications in the food and beverage industry. It is often used as a natural flavoring agent and is found in products like energy drinks, weight loss supplements, and dietary supplements. It is valued for its potential to support metabolism and increase energy levels.
- **Dietary Supplements:** Synephrine is a popular ingredient in dietary supplements, particularly those aimed at weight management and sports performance. It is believed to have thermogenic properties, potentially aiding in fat burning and boosting exercise performance.

For detailed technical specifications, pricing, and any further inquiries regarding Synephrine (CAS 94-07-5), please do not hesitate to contact us. Our dedicated team is ready to assist you and provide tailored solutions to meet your unique chemical needs.

Application

Synephrine (CAS 94-07-5) has various applications across different industries. Here are some common uses:

1. **Pharmaceutical Industry:** Synephrine is utilized in the pharmaceutical field for its potential therapeutic properties. It is known for its stimulant and vasoconstrictor effects. Synephrine may be used in formulations targeting low blood pressure, nasal congestion, and respiratory disorders. It is important to note that the specific usage and dosage of Synephrine in pharmaceutical applications should be determined by healthcare professionals and in accordance with regulatory guidelines.
2. **Food and Beverage Industry:** Synephrine has applications in the food and beverage industry. It is used as a natural flavoring agent and can be found in products such as energy drinks, weight management supplements, and dietary supplements. Synephrine is valued for its potential to support metabolism and increase energy levels. It is important for food and beverage manufacturers to adhere to regulatory guidelines regarding the use and labeling of Synephrine in their products.
3. **Dietary Supplements:** Synephrine is a popular ingredient in dietary supplements, particularly those aimed at weight management and sports performance. It is believed to have thermogenic properties, potentially aiding in fat burning and boosting exercise performance. It is important to note that dietary supplements containing Synephrine should be used as directed, and individuals should consult with healthcare professionals before incorporating them into their regimen.
4. **Research and Development:** Synephrine is also used in research and development laboratories for scientific studies. It may be employed in investigations related to its physiological effects, metabolism, and potential therapeutic applications. Researchers may explore Synephrine's interactions with various biological systems and its impact on human health.

It is important to note that the specific usage, dosage, and regulatory considerations for Synephrine (CAS 94-07-5) may vary depending on the intended application, individual requirements, and industry regulations. It is recommended to consult with healthcare professionals, industry experts, or refer to relevant literature for accurate usage instructions and guidelines.

Advantage

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.
2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.
3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
