Description

Our company specializes in providing high-quality chemical raw materials, including the compound with CAS number 129499-78-1, known as Ascorbyl Glucoside. Ascorbyl glucoside is a derivative of ascorbic acid (Vitamin C) and glucose. It is widely used in the cosmetic industry due to its remarkable skincare benefits.

Ascorbyl glucoside serves as an excellent skin brightening and antioxidant agent. It has the ability to inhibit melanin production, helping to reduce the appearance of skin discoloration such as dark spots and hyperpigmentation. Additionally, it promotes collagen synthesis, which contributes to maintaining skin elasticity and minimizing fine lines and wrinkles.

At our company, we understand the importance of delivering exceptional quality products to our clients. Our Ascorbyl glucoside is sourced from reliable suppliers and undergoes rigorous quality control measures to ensure purity, consistency, and effectiveness.

To learn more about our Ascorbyl glucoside or other chemical raw materials we offer, please feel free to contact us. Our team of experts is dedicated to providing tailored solutions and outstanding customer service to meet your specific requirements.

Application

CAS 129499-78-1 corresponds to the chemical compound Ascorbyl Glucoside. Ascorbyl glucoside is a derivative of ascorbic acid (Vitamin C) and glucose. It is commonly used in the cosmetic industry for its skincare benefits.

Ascorbyl glucoside is known for its potential as a skin brightening and antioxidant agent. When applied topically, it can be converted into ascorbic acid, which is known for its ability to inhibit melanin production, thus helping to reduce the appearance of skin discoloration, such as dark spots and hyperpigmentation.

Additionally, ascorbyl glucoside has shown potential in promoting collagen synthesis, which is beneficial for maintaining skin elasticity and reducing the signs of aging, such as fine lines and wrinkles.

Advantage

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.
2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.
3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.

2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
