

Factory supply White Powder 99% sodium hyaluronate 9067-32-

7

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-9067-32-7
- Minimum Order Quantity: 1KG
- Price: CN¥426.75 - CN¥1,066.86
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 20000T

Description

Discover the exceptional benefits of our premium L-Ergothioneine, CAS 9067-32-7, a high-quality chemical compound that revolutionizes the field of industrial chemicals. As a leading supplier of top-notch chemical raw materials, our company is committed to providing you with the finest ingredients for your manufacturing processes.

L-Ergothioneine, also known as ergothioneine, is a naturally occurring amino acid with powerful antioxidant properties. Our meticulously produced L-Ergothioneine, CAS 9067-32-7, offers unparalleled purity and quality, ensuring optimal performance in a wide range of applications within the chemical industry.

One of the key advantages of our L-Ergothioneine is its exceptional ability to scavenge free radicals and protect against oxidative stress. As a result, it plays a crucial role in preserving the integrity and stability of various industrial formulations. Whether you're developing cosmetics, pharmaceuticals, or dietary supplements, our L-Ergothioneine is a valuable ingredient that enhances the effectiveness and longevity of your products.

Our L-Ergothioneine, CAS 9067-32-7, is meticulously manufactured under strict quality control measures to meet the highest industry standards. It is free from impurities and contaminants, ensuring its safety and reliability for use in your manufacturing processes. With our L-Ergothioneine, you can have peace of mind knowing that you're incorporating a premium ingredient into your products.

The versatility of our L-Ergothioneine makes it an indispensable component in various industrial applications. Its stability and compatibility with different formulations make it an excellent choice for cosmetics, where it helps to promote skin health and protect against environmental damage. In the pharmaceutical industry, it can contribute to the stability and efficacy of drug formulations. Additionally, it can be utilized in dietary supplements to support overall health and well-being.

Incorporating our L-Ergothioneine, CAS 9067-32-7, into your chemical products will undoubtedly set them apart from the competition. Its potent antioxidant properties and multifaceted benefits make it a must-have ingredient for any forward-thinking company in the chemical industry.

Choose our L-Ergothioneine and elevate your manufacturing processes to new heights. Experience the transformative power of this remarkable compound and deliver exceptional results to your customers.

To order our L-Ergothioneine or to learn more about our wide range of chemical raw materials, please contact us today. We look forward to assisting you in achieving your product goals.

Application

L-Ergothioneine, CAS 9067-32-7, has various applications in different industries. Here are some common uses of L-Ergothioneine:

1. **Cosmetics and Skincare:** L-Ergothioneine is widely utilized in cosmetics and skincare products due to its antioxidant properties. It helps to protect the skin from oxidative stress caused by environmental factors such as UV radiation and pollution. L-Ergothioneine also has soothing and anti-inflammatory effects, making it beneficial for sensitive or irritated skin. It can be incorporated into formulations such as creams, lotions, serums, and sunscreens.
2. **Pharmaceuticals:** L-Ergothioneine is being explored for its potential therapeutic applications in the pharmaceutical industry. It has been studied for its ability to protect cells from oxidative damage and inflammation, which are associated with various diseases. L-Ergothioneine may have potential applications in the treatment or prevention of conditions such as neurodegenerative disorders, cardiovascular diseases, and age-related macular degeneration.
3. **Dietary Supplements:** L-Ergothioneine is available as a dietary supplement due to its antioxidant and potential health-promoting effects. It is believed to support overall health and well-being by combating oxidative stress and protecting cells from damage. L-Ergothioneine supplements are commonly marketed as an aid to boost the body's antioxidant defenses and support healthy aging.
4. **Food and Beverages:** L-Ergothioneine has been investigated for its potential use as a food additive or functional ingredient. It can act as a natural antioxidant, helping to extend the shelf life of food products and maintain their quality. L-Ergothioneine may be added to various food and beverage formulations, including processed meats, beverages, and nutritional products.
5. **Research and Development:** L-Ergothioneine is of interest in scientific research and development due to its unique chemical properties and potential biological activities. Researchers study its mechanisms of action, explore its role in cellular protection, and investigate its potential applications in various fields, including medicine, biotechnology, and cosmetics.

It's important to note that the specific usage and concentration of L-Ergothioneine may vary depending on the intended application and formulation. It is recommended to consult with industry professionals, adhere to regulatory guidelines, and conduct appropriate testing to ensure the safe and effective use of L-Ergothioneine in specific products or processes.

Advantage

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and

eliminate waste.

2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.
3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
