

In Stock 99% Purity CAS 1119-86-4 1,2-Decanediol White Powder

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-CAS 1119-86-4
- Minimum Order Quantity: 1KG
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 2000T

Product Specification

- Product Name: 1,2-Decanediol
- CAS NO: 1119-86-4
- Purity: 99%
- Shelf Life: 2 Years

Description

Our company is a leading supplier of chemical raw materials, specializing in providing a diverse range of products. We proudly offer CAS 1119-86-4 1,2-Decanediol among our extensive portfolio.

1,2-Decanediol is a versatile chemical compound with various applications in different industries.

In the cosmetics and personal care industry, 1,2-Decanediol is commonly used as a moisturizing and conditioning agent. It helps to improve the hydration and softness of skin and hair care products, such as lotions, creams, shampoos, and conditioners. Its ability to attract and retain moisture makes it an ideal ingredient for enhancing the effectiveness of these cosmetic formulations.

Furthermore, 1,2-Decanediol finds applications in industrial sectors, serving as a key component in the production of polymers, adhesives, and coatings. This compound can be employed as a building block in the synthesis of polyesters, polyurethanes, and other types of polymers. Its incorporation in these materials contributes to their strength, flexibility, and overall performance.

At our company, we prioritize strict adherence to quality control measures and safety regulations to ensure the highest standard of products. Our comprehensive range of chemical raw materials, including CAS 1119-86-4 1,2-Decanediol, is available to meet the diverse needs of our customers.

Application

CAS 1119-86-4 corresponds to 1,2-Decanediol, which is a chemical compound with diverse applications. 1,2-Decanediol finds applications in various industries, including cosmetics, personal care products, and industrial applications.

In the cosmetics and personal care industry, 1,2-Decanediol is commonly used as a moisturizing agent, humectant, and emollient. It helps to improve the hydrating properties of skincare products, such as lotions, creams, and serums, by attracting and retaining moisture in the skin. Additionally, it can act as a conditioning agent in hair care products, providing moisture and softness to the hair.

In industrial applications, 1,2-Decanediol can serve as a precursor or intermediate in the production of other chemicals and polymers. It can be used in the synthesis of polyesters, polyurethanes, and other polymers with various applications, including fibers, adhesives, and coatings.

Advantage

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.
2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.
3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
