

99% Purity CAS 629-30-1 1,7-Heptanediol In Stock

Our Product Introduction

for more products please visit us on firskytech.com

Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-CAS 629-30-1
- Minimum Order Quantity: 1KG
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 2000T

Product Specification

- Product Name: 1,7-Heptanediol
- CAS NO: 629-30-1
- Purity: 99%
- Shelf Life: 2 Years
- Highlight: **99% Purity 1 7-Heptanediol, 629-30-1 1 7-Heptanediol, 629-30-1 Raw Cosmetic Ingredients**

Description

Our company specializes in the distribution of a wide range of chemical raw materials. 1,7-Heptanediol is a versatile chemical compound with potential applications across various industries.

Chemical Intermediates: 1,7-Heptanediol serves as a valuable intermediate or building block in the synthesis of various chemical compounds. Its unique structure and reactivity make it suitable for the production of pharmaceutical intermediates, agrochemicals, specialty chemicals, and other organic compounds.

At our company, we prioritize strict quality control measures to ensure the highest standards of our products. Our comprehensive range of chemical raw materials, including CAS 629-30-1, 1,7-Heptanediol, caters to the diverse requirements of our esteemed customers.

For further information or specific product inquiries, please do not hesitate to contact us. Our dedicated team is committed to providing excellent service and assisting you in finding the optimal solutions for your chemical raw material needs.

Application

CAS 629-30-1, 1,7-Heptanediol, is a chemical compound with potential applications in various industries.

- 1. Chemical Intermediates:** 1,7-Heptanediol can serve as a valuable intermediate or building block in the synthesis of various chemical compounds. Its versatile structure and reactivity make it useful for the production of pharmaceutical intermediates, agrochemicals, specialty chemicals, and other organic compounds.
- 2. Solvents:** 1,7-Heptanediol can be used as a solvent in different applications. Its chemical properties, such as its ability to dissolve certain substances, make it suitable for various formulations, coatings, cleaning agents, and other industrial processes where solvents are required.
- 3. Personal Care and Cosmetics:** 1,7-Heptanediol has the potential for use in personal care and cosmetic products. It can act as a moisturizing agent, emollient, or humectant to help retain moisture in the skin or hair. It may be incorporated into creams, lotions, serums, and other cosmetic formulations to provide hydration and improve the sensory characteristics of the products.
- 4. Polymer Production:** 1,7-Heptanediol can be used as a component in the production of polymers. It can contribute to the formation of polyester resins, polyurethanes, and other specialty polymers. The inclusion of 1,7-Heptanediol in polymer formulations can modify the chemical and physical properties, such as flexibility, hardness, or reactivity, to meet specific application requirements.

Advantage

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.
2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.
3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
