

**Cas 94-07-5 D-(-)-Synephrine (-)-4-hydroxy- α -
[(methylamino)methyl]benzenemethanol 1-(4-Hydroxyphenyl)-2-
methylaminoethan**

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-CAS 94-07-5
- Minimum Order Quantity: 1KG
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 2000T

Product Specification

- Shelf Life: 2 Years
- Product Name: D-(-)-Synephrine
- CAS NO: 94-07-5
- Purity: 99%

Product Description

Product Description

Product Name:	D-(-)-Synephrine
Appearance:	White powder
Uses	It has the effects of losing weight, lowering blood sugar, inhibiting bacteria and reducing inflammation.

Description

CAS 94-07-5 corresponds to D-(-)-Synephrine, a natural compound that belongs to the class of phenylethylamines. It is also known by other names such as D-synephrine, citrus aurantium extract, or bitter orange extract.

D-(-)-Synephrine is commonly derived from the fruit of Citrus aurantium, commonly known as bitter orange. It is chemically, a stimulant compound, but it is structurally different and has distinct properties. D-(-)-Synephrine is primarily recognized for its potential stimulant and thermogenic properties. It has been marketed as a dietary supplement for weight loss and athletic performance enhancement. It is often claimed to increase energy expenditure, suppress appetite, and promote fat burning.

Application

Here are some of the applications associated with D-(-)-Synephrine:

Weight Management Supplements: D-(-)-Synephrine has been included as an ingredient in weight management supplements. It is often marketed for its potential to increase energy expenditure, suppress appetite, and enhance fat burning. However, the scientific evidence supporting its effectiveness for weight loss is limited, and further research is needed.

Athletic Performance Enhancement: D-(-)-Synephrine has been promoted as a supplement for athletes and individuals engaged in physical exercise. It is claimed to enhance energy, focus, and performance. However, its efficacy in improving athletic performance is not well-established, and its use in sports supplements is a topic of ongoing research and regulation.

Nasal Decongestants: D-(-)-Synephrine has vasoconstrictive properties and can be found in some nasal decongestant formulations. It may help reduce nasal congestion and alleviate symptoms of cold or allergies.

Flavoring Agent: D-(-)-Synephrine has been used as a flavoring agent in the food and beverage industry. It can provide a citrus-like aroma and taste and is sometimes added to products such as energy drinks, carbonated beverages, and confectionery.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

- 1. Please let me know which products you require and how many of each you need.**
- 2. We will provide you with the best pricing right away, including delivery charges.**
- 3. If the price seems reasonable to you, you can select a payment option to complete the transaction.**
- 4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.**
- 5. Two days after the package is sent out, a tracking number and packing photo will be provided.**
- 6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.**

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in

addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
