

Cas 97404-52-9 Rhodiola Rosea Smilax aristolochiaefolia, ext. Rhodiola Rosea Extract Rhodiaroseal.P.E

Our Product Introduction

for more products please visit us on firskytech.com

Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-CAS 97404-52-9
- Minimum Order Quantity: 1KG
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 2000T

Product Specification

- Product Name: Rhodiaroseal.P.E
- Shelf Life: 2 Years
- CAS NO: 97404-52-9
- Purity: 99%

Product Description

Product Description

Product Name:	Rhodiola Rosea
Synonyms:	Smilax aristolochiaefolia, ext.; Smilax aristolochiaefolia extract; Rhodiola Rosea Extract; Rhodiolaroseal.P.E; Rhodiola Rosea; Salidroside; Rhodiola; Smilax aristolochiaefolia extract
CAS:	97404-52-9
EINECS:	306-819-2
Appearance:	Brown yellow powder
Uses	Rhodiola is a plant in the Crassulaceae family that grows in cold regions of the world. The perennial plant grows in areas up to 2280 meters elevation. Several shoots grow from the same thick root. Shoots reach 5-35 cm in height. Rhodiola rosea is dioecious – having separate female and male plants. It has been used in traditional Chinese medicine, where it is called hóng jīng tiān. It is effective for improving mood and alleviating depression.

Description

CAS 97404-52-9 corresponds to Rhodiola rosea, a medicinal plant commonly known as golden root or Arctic root. It is native to the mountainous regions of Europe, Asia, and North America. Rhodiola rosea has a long history of traditional use and is recognized for its potential adaptogenic and medicinal properties.

Application

Here is a description of Rhodiola rosea:

Adaptogenic Properties: Rhodiola rosea is classified as an adaptogen, which means it may help the body adapt to various stressors, both physical and mental. It is believed to support the body's resilience and enhance its ability to cope with stress, fatigue, and anxiety. Rhodiola rosea is often used to promote overall well-being and improve mental and physical performance.

Energy and Fatigue Reduction: Rhodiola rosea is commonly used to combat fatigue and increase energy levels. It may help reduce feelings of exhaustion and enhance stamina and endurance. Some individuals use Rhodiola rosea as a natural alternative to support their energy levels and combat symptoms of chronic fatigue syndrome.

Cognitive Function and Mental Performance: Rhodiola rosea is believed to have positive effects on cognitive function and mental performance. It may enhance focus, concentration, and memory. Some studies suggest that Rhodiola rosea may have neuroprotective properties and could potentially improve symptoms associated with mild cognitive impairment.

Mood and Emotional Well-being: Rhodiola rosea has been traditionally used to support emotional well-being and alleviate symptoms of depression and anxiety. It is thought to have mood-regulating effects and may help reduce stress-induced emotional disturbances. However, further research is needed to establish its efficacy and mechanisms of action in this regard.

Physical Performance and Exercise Recovery: Rhodiola rosea has been studied for its potential benefits in improving physical performance and reducing exercise-induced fatigue. Some research suggests that it may enhance endurance, increase oxygen utilization, and improve recovery time after intense physical activity. However, more studies are needed to confirm these effects and determine optimal dosages.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often.

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
