Description

Our company specializes in providing high-quality chemical raw materials, and we are proud to introduce our Resveratrol Powder, with the CAS number 501-36-0. Resveratrol is a naturally occurring compound found in various plants, including grapes and certain berries. It has gained significant attention in the health and wellness industry due to its potential beneficial effects.

Our Resveratrol Powder is carefully extracted and processed to ensure maximum purity and potency. It is a fine, white powder that is easily soluble in water, making it convenient for various applications. With a CAS number of 501-36-0, you can be assured of its authenticity and traceability.

Resveratrol is widely recognized for its antioxidant properties, which can help protect cells from oxidative stress. It has also been studied for its potential anti-inflammatory and anti-aging effects. Our Resveratrol Powder is suitable for use in dietary supplements, skincare products, and other applications where the benefits of resveratrol are desired.

At our company, we prioritize quality and customer satisfaction. Our Resveratrol Powder undergoes rigorous testing to meet the highest industry standards. We source our raw materials from reputable suppliers, ensuring consistent quality and purity.

Choose our Resveratrol Powder with CAS number 501-36-0 to enhance your products with a natural and potent ingredient. Experience the benefits of resveratrol in your formulations and provide your customers with high-quality products they can trust.

For more information about our Resveratrol Powder and other chemical raw materials, please contact us. We look forward to serving you and meeting your specific requirements.

Application

Usage of Resveratrol Powder CAS 501-36-0:

Resveratrol Powder, with the CAS number 501-36-0, offers a wide range of applications in various industries. Here are some common uses of Resveratrol Powder:

1. **Dietary Supplements:** Resveratrol is often used as a key ingredient in dietary supplements due to its potential health benefits. It is believed to have antioxidant properties, which can help support overall well-being and promote a healthy aging process.
2. **Skincare Products:** Resveratrol is known for its potential anti-aging and anti-inflammatory effects on the skin. It is commonly used in skincare formulations, such as creams, serums, and masks, to help reduce the appearance of wrinkles, improve skin elasticity, and protect against environmental damage.
3. **Nutraceuticals:** Resveratrol is utilized in the development of nutraceutical products, which are functional foods or beverages that provide health benefits beyond basic nutrition. It can be incorporated into various food and beverage products, such as energy drinks, health bars, and nutritional supplements.
4. **Cosmetics:** Resveratrol's antioxidant properties make it a valuable ingredient in cosmetic products. It can help protect the skin against free radicals and oxidative stress, promoting a healthier complexion. Resveratrol is often used in formulations for anti-aging creams, lotions, and facial masks.
5. **Research and Development:** Resveratrol is a subject of ongoing scientific research due to its potential therapeutic properties. It is studied for its effects on various health conditions, including cardiovascular health, cancer prevention, and neuroprotection. Researchers and scientists may use Resveratrol Powder in their studies and experiments.

It's important to note that the specific usage and recommended dosage of Resveratrol Powder may vary depending on the intended application and formulation requirements. It is advisable to consult relevant guidelines, regulations, and experts in the respective fields to ensure proper and safe usage of Resveratrol Powder CAS 501-36-0.

Advantage

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.
2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.
3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw

materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
