

Cas 84082-34-8 Bilberry Extract EINECS 281-983-5 factory supply fast and safe shipping

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-CAS 84082-34-8
- Minimum Order Quantity: 1KG
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 2000T

Product Specification

- Product Name: Bilberry Extract
- Shelf Life: 2 Years
- CAS NO: 84082-34-8
- Purity: 99%

Product Description

Product Description

Product Name:	Blueberry extract
Synonyms:	Bilberry, extracts;Powdered Bilberry Extract;Powdered Bilberry Extract (500 mg);Ccris 8716;Einecs 281-983-5;Extract of bilberry;Extract of whortleberry;Myrtocyan
CAS:	84082-34-8
MF:	C27H31O16
MW:	611.53
EINECS:	281-983-5
Appearance:	purple powder
Uses	In jams and jellies; food flavoring. Extracts as astringent and capillary protectant in eyecare and skin products.

Description

CAS 84082-34-8 corresponds to Bilberry Extract, which is derived from the fruit of the bilberry plant (*Vaccinium myrtillus*). Bilberry Extract is known for its rich content of anthocyanins and other beneficial compounds. It has been used for centuries in traditional medicine and is recognized for its potential health benefits.

Application

Here is a description of Bilberry Extract:

Antioxidant Properties: Bilberry Extract is well-known for its high antioxidant activity. It contains a group of compounds called anthocyanins, which are powerful antioxidants that help protect cells from oxidative damage caused by free radicals. The antioxidant properties of Bilberry Extract are believed to contribute to its potential health benefits.

Eye Health: Bilberry Extract is often associated with promoting eye health. The anthocyanins present in Bilberry Extract have been studied for their potential benefits in supporting vision and reducing the risk of age-related macular degeneration (AMD) and other eye conditions. Bilberry Extract is believed to have protective effects on the retina and blood vessels in the eyes.

Circulation and Vascular Health: Bilberry Extract may have positive effects on circulation and vascular health. Some research suggests that the anthocyanins in Bilberry Extract may help improve blood flow, strengthen blood vessels, and promote healthy circulation. These effects may be beneficial for conditions such as varicose veins and venous insufficiency.

Anti-Inflammatory Effects: Bilberry Extract exhibits anti-inflammatory properties, which may help reduce inflammation in the body. Chronic inflammation is linked to various health conditions, including cardiovascular disease, diabetes, and arthritis. By reducing inflammation, Bilberry Extract may contribute to overall health and well-being.

Cognitive Function and Memory: Some studies suggest that Bilberry Extract may have positive effects on cognitive function and memory. It is believed to have neuroprotective properties and may help improve brain function and slow down age-related cognitive decline. However, further research is needed to establish its effectiveness in this regard.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
