

In Stock CAS 31799-91-4 Hyaluronic Acid Potassium Salt White Powder 99% Purity

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-CAS 31799-91-4
- Minimum Order Quantity: 1KG
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 2000T

Product Specification

- Product Name: Hyaluronic Acid Potassium Salt
- CAS NO: 31799-91-4
- Purity: 99%
- Shelf Life: 2 Years

Product Description

Description

Our company specializes in the distribution of chemical raw materials, with a primary focus on Hyaluronic Acid Potassium Salt. With the CAS number 31799-91-4, this compound holds significant importance in various industries, including cosmetics, pharmaceuticals, and research.

Hyaluronic Acid Potassium Salt (CAS 31799-91-4) is a naturally occurring polysaccharide known for its exceptional moisturizing and hydration properties. It is widely used in skincare and cosmetic formulations due to its ability to retain water molecules, promoting skin elasticity and reducing the appearance of fine lines and wrinkles.

In the pharmaceutical industry, Hyaluronic Acid Potassium Salt is utilized for various medical applications. It is commonly used in ophthalmic solutions, intra-articular injections, and other drug delivery systems. Its viscoelastic properties make it ideal for lubricating and cushioning joints, relieving symptoms associated with conditions such as osteoarthritis.

In the field of research, Hyaluronic Acid Potassium Salt serves as a valuable tool for studying cell behavior, tissue engineering, and regenerative medicine. Its biocompatibility and ability to promote cell proliferation and differentiation make it an attractive material for scaffolds and matrices in tissue engineering applications.

Our company is committed to providing high-quality Hyaluronic Acid Potassium Salt (CAS 31799-91-4) sourced from reputable manufacturers. We ensure strict adherence to quality control standards to deliver reliable and consistent chemical raw materials to our customers.

Application

Hyaluronic Acid Potassium Salt, with the CAS number 31799-91-4, is a compound that finds extensive usage in various industries, primarily in cosmetics, pharmaceuticals, and research.

1. **Cosmetics Industry:** Hyaluronic Acid Potassium Salt is widely acclaimed for its exceptional moisturizing and hydrating properties, making it a key ingredient in many skincare and cosmetic products. It has the ability to attract and retain water molecules, thus promoting skin hydration, improving elasticity, and reducing visible signs of aging such as fine lines and wrinkles. It is commonly used in facial creams, serums, moisturizers, and anti-aging formulations to provide hydration and improve the overall appearance and texture of the skin.
2. **Pharmaceutical Industry:** In the pharmaceutical industry, Hyaluronic Acid Potassium Salt finds applications in various medical and therapeutic areas. It is commonly used in ophthalmic solutions to lubricate and protect the eyes, providing relief from dryness and irritations. It is also used in intra-articular injections for the treatment of joint-related conditions, such as osteoarthritis, to provide lubrication and cushioning effects, reducing pain and improving joint mobility.
3. **Research and Biotechnology:** Hyaluronic Acid Potassium Salt serves as a valuable tool in research and biotechnology applications. It is widely used as a biomaterial in cell culture studies, tissue engineering, and regenerative medicine. Its biocompatibility and ability to promote cell proliferation and differentiation make it ideal for scaffolds, matrices, and hydrogels used in tissue engineering applications. It is also used in the formulation of drug delivery systems and as a component in diagnostic assays.

Advantage

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.
2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.
3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
