## Product Description

### Product Description

Product Name:	Kidney Bean Extract
CAS NO:	85085-22-9
Purity:	99%
Appearance:	White to off-white solid

### Description

**CAS 85085-22-9 does not correspond to a specific compound. However, kidney bean extract, also known as Phaseolus vulgaris extract or white kidney bean extract, is a dietary supplement that is derived from the common kidney bean (Phaseolus vulgaris) plant.**

**Kidney bean extract is primarily known for its potential effects on carbohydrate metabolism and weight management.**

### Application

**Here are some key aspects of kidney bean extract:**

**Carbohydrate metabolism:** Kidney bean extract contains a natural substance called phaseolamin, which is believed to inhibit the activity of an enzyme called alpha-amylase. Alpha-amylase is responsible for breaking down complex carbohydrates into simple sugars, which can be absorbed by the body. By inhibiting this enzyme, kidney bean extract may help reduce the digestion and absorption of carbohydrates, potentially leading to lower post-meal blood sugar levels.

**Weight management:** Due to its potential impact on carbohydrate digestion, kidney bean extract has been studied for its role in weight management. By reducing the absorption of carbohydrates, it may help control calorie intake and promote weight loss or weight maintenance. However, it's important to note that the evidence supporting its efficacy and safety as a weight loss aid is limited and further research is needed.

**Blood sugar control:** Kidney bean extract may also have implications for blood sugar control and management, particularly in individuals with conditions such as diabetes or prediabetes. By potentially reducing the post-meal rise in blood sugar levels, it may help regulate glucose metabolism.

### FAQ

**How do I make a purchase?**

**We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often**

- 1. Please let me know which products you require and how many of each you need.**
- 2. We will provide you with the best pricing right away, including delivery charges.**
- 3. If the price seems reasonable to you, you can select a payment option to complete the transaction.**
- 4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.**
- 5. Two days after the package is sent out, a tracking number and packing photo will be provided.**
- 6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.**

**Which delivery alternatives are available?**

**All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.**

**How are your products verified?**

**We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.**

**Does a discount apply to large orders?**

**After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.**

**What forms of payment do you accept?**

**We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.**
