

Cas 80418-29-7 Notoginseng folium P.E Notoginseng folium P;Panax notoginseng extracts;Sanchi extract;San Qi oil

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-CAS 80418-29-7
- Minimum Order Quantity: 1KG
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 2000T

Product Specification

- Product Name: Notoginseng Folium P.E
- Shelf Life: 2 Years
- CAS NO: 80418-29-7
- Purity: 99%

Product Description

Product Description

Product Name:	Notoginseng folium P.E
Synonyms:	Notoginseng folium P.E;PANAX NOTOGINSENG EXTRACT;Radixethizomenotoginseng;Notoginseng folium P;Panax notoginseng extracts;Sanchi extract;San Qi oil
CAS:	80418-29-7
MF:	H6NO4SZn+
MW:	181.49
Basic information	Panax notoginseng extract is the root extract of Panax notoginseng, a plant of the genus Araliaceae, which mainly contains saponins. It has the effects of dispelling blood stasis, stopping bleeding, reducing swelling and relieving pain. Bleeding from trauma, stabbing pain in the chest and abdomen, injury from falling.
Usages	Has the effect of dispelling blood stasis, stopping bleeding, reducing swelling and relieving pain

Description

CAS 80418-29-7 corresponds to Notoginseng Folium P.E., which is an extract derived from the leaves of Panax notoginseng, also known as Notoginseng or Sanqi. Notoginseng is a herbaceous perennial plant native to China and other parts of Asia. Notoginseng Folium P.E. is known for its potential health benefits and has been used in traditional Chinese medicine.

Application

Here is a description of Notoginseng Folium P.E.:

Active Compounds: Notoginseng Folium P.E. contains a variety of bioactive compounds, including ginsenosides, flavonoids, and saponins. Ginsenosides, in particular, are considered the major active components of Notoginseng and are believed to contribute to its therapeutic effects.

Cardiovascular Health: Notoginseng Folium P.E. is often associated with cardiovascular health benefits. It is believed to have vasodilatory properties, which may help improve blood circulation, promote healthy blood pressure levels, and support overall cardiovascular function. Notoginseng Folium P.E. is also known for its potential antiplatelet and anticoagulant effects, which may contribute to its cardioprotective properties.

Anti-Inflammatory Effects: Notoginseng Folium P.E. exhibits anti-inflammatory properties. It has been studied for its potential to reduce inflammation and oxidative stress in various conditions. These effects may contribute to its potential benefits in managing inflammatory disorders and promoting overall well-being.

Blood Health: Notoginseng Folium P.E. is believed to have beneficial effects on blood health. It may help regulate blood lipid levels, such as cholesterol and triglycerides, and support healthy blood clotting mechanisms. These properties make it a potential candidate for promoting overall blood health.

Wound Healing and Tissue Repair: Notoginseng Folium P.E. has been traditionally used for its potential wound healing properties. It is believed to promote tissue repair, reduce inflammation, and enhance the formation of new blood vessels at the site of injury. These effects may contribute to its use in traditional medicine for wound healing purposes.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
