Application

Chondroitin sulfate sodium salt (CAS 9082-07-9) is a commonly used compound in the pharmaceutical and dietary supplement industries. Its main application is in the treatment of joint-related conditions, particularly osteoarthritis.

1. Osteoarthritis treatment: Chondroitin sulfate sodium salt is often used in combination with other therapies to manage the symptoms of osteoarthritis. It is believed to help reduce pain, inflammation, and stiffness in the affected joints. It may also slow down the progression of cartilage degeneration.
2. Joint health support: Chondroitin sulfate sodium salt is frequently included in dietary supplements aimed at promoting joint health. It is believed to provide structural support to cartilage, promote the synthesis of joint fluids, and enhance joint mobility and flexibility.
3. Wound healing: Some studies suggest that chondroitin sulfate sodium salt may aid in the wound healing process. It is believed to have anti-inflammatory properties and may help improve tissue repair and regeneration.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
