

cas 70-18-8 Glutathione Tathion Glutathione reduced Reduced glutathione EINECS 200-725-4

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-CAS 70-18-8
- Minimum Order Quantity: 1KG
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15 days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 2000T

Product Specification

- Product Name: Glutathione
- Shelf Life: 2 Years
- CAS NO: 70-18-8
- Purity: 99%

Product Description

Product Description

Product Name:	Glutathione
Synonyms:	glutathiol;glutathione;glutide;glutinal;isethion;l-glutathione;N(N-L-.gamma.-Glutamyl-L-cysteiny)glycine;n-(n-l-gamma-glutamyl-l-cysteiny)-glycin
CAS:	70-18-8
MF:	C10H17N3O6S
MW:	307.32
EINECS:	200-725-4
Melting point	192-195 °C (dec.) (lit.)
alpha	-16.5 ° (c=2, H2O)
Boiling point	754.5±60.0 °C(Predicted)
density	1.4482 (rough estimate)
refractive index	-17 ° (C=2, H2O)
storage temp.	2-8°C
solubility	H2O: 50 mg/mL

Description

Glutathione supplements are available and are often used for their potential health benefits. However, it's important to note that the oral bioavailability of glutathione is limited, and its absorption through the digestive system is often inefficient. Additionally, the effects and benefits of glutathione supplementation are still an area of active research, and its effectiveness may vary depending on individual factors.

Application

Glutathione is naturally produced in the body and found in virtually every cell. It plays a crucial role in several biological processes, including:

Antioxidant Defense: Glutathione acts as a potent antioxidant, helping to neutralize free radicals and reactive oxygen species (ROS) that can damage cells and contribute to aging, inflammation, and various diseases.

Detoxification: Glutathione is involved in the detoxification of harmful substances, such as heavy metals, drugs, and environmental toxins. It participates in a process called conjugation, where it binds to these toxins and facilitates their elimination from the body.

Immune System Support: Glutathione helps support a healthy immune system by supporting the function of immune cells and promoting the production of cytokines, which are involved in immune responses.

Cellular Repair: Glutathione plays a role in repairing and maintaining cellular structures and DNA, helping to promote overall cellular health and function.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
