

99% Purity Good Price CAS 439685-79-7 Pro-xylane White Powder In Stock

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-CAS 439685-79-7
- Minimum Order Quantity: 1KG
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 2000T

Product Specification

- Product Name: Pro-xylane
- CAS NO: 439685-79-7
- Purity: 99%
- Shelf Life: 2 Years

Product Description

Specifications

Product Name:	Pro-xylane
Synonyms:	(2S,3R,4S,5R)-2-(2-hydroxypropyl)oxane-3,4,5-triol; Nano liposomal hydroxypropyl tetrahydropyrantriol; Retinol Pro+Pro-xylane; Pro-Xylane, Puri-Xylane; HYDROXYPROPYL TETRAHYDROPYRANTRIOL; Puri-Xylane; Nano Liposomal HYDROXYPROPYL TETRAHYDROPYRANTRIOL; Tetrahydropyrantriol
CAS:	439685-79-7
MF:	C ₈ H ₁₆ O ₅
MW:	192.21
EINECS:	456-880-5
Boiling point	376.0±42.0 °C(Predicted)
density	1.368±0.06 g/cm ³ (Predicted)
vapor pressure	0Pa at 25
storage temp.	Store at -20°C
color	White powder

Description

Our company is a leading provider of high-quality chemical raw materials, specializing in compounds such as Pro-xylane, which has the CAS number 439685-79-7. Pro-xylane is a powerful and innovative ingredient widely used in the cosmetics and skincare industry.

Pro-xylane is a patented molecule derived from plant-based xylose, known for its exceptional anti-aging and skin-rejuvenating properties. It offers multiple benefits for the skin, making it a sought-after ingredient in various skincare products.

One of the key advantages of Pro-xylane is its ability to stimulate the production of essential skin components, including collagen and hyaluronic acid. Collagen provides structural support to the skin, enhancing firmness and elasticity, while hyaluronic acid helps to hydrate and plump the skin, reducing the appearance of wrinkles and fine lines.

Additionally, Pro-xylane promotes skin regeneration and helps improve the overall texture, tone, and smoothness of the skin. It assists in strengthening the skin's natural barrier function, protecting it from external aggressors and environmental stressors.

Please feel free to contact us for more information on Pro-xylane or our extensive range of chemical raw materials. Together, we can achieve optimal results for your skincare formulations.

Application

CAS 439685-79-7 corresponds to the chemical compound Pro-xylane. Pro-xylane is a patented ingredient widely used in the cosmetic and skincare industry for its anti-aging and skin-rejuvenating properties. Pro-xylane is primarily utilized for its ability to support the skin's extracellular matrix. It promotes the synthesis of collagen and hyaluronic acid, which are essential components for maintaining skin elasticity, firmness, and hydration.

1. Anti-aging: Pro-xylane helps reduce the appearance of wrinkles, fine lines, and sagging skin by promoting collagen production. It can enhance the skin's elasticity and firmness, resulting in a more youthful and rejuvenated appearance.
2. Skin plumping and hydration: Pro-xylane supports the synthesis of hyaluronic acid, a naturally occurring substance that helps retain moisture in the skin. It can enhance skin hydration and improve plumpness, giving a more supple and healthy-looking complexion.
3. Skin regeneration: Pro-xylane aids in the regeneration of the skin's extracellular matrix, which can contribute to improved skin texture, tone, and overall radiance. It may help reduce the visibility of scars, uneven skin texture, and other signs of skin damage.
4. Skin protection: Pro-xylane possesses antioxidant properties that help protect the skin from free radicals and environmental stressors, such as UV radiation and pollution. This can aid in reducing oxidative damage and preserving the skin's youthfulness.

Advantage

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.
2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.
3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
