## Product Description

# White Poria Extract CAS 65637-98-1 *Ionicera japonica* extract

## Description

White poria extract is derived from the sclerotium of the *Poria cocos* fungus, also known as Poria or Fu Ling. This medicinal fungus has been used in traditional Chinese medicine due to its numerous health benefits. The extract is made by processing and concentrating the beneficial components found in the fungus.

Herbal and natural are the primary characteristics. White Poria extract is guaranteed to be natural and herbal because it is derived from the *Poria cocos* fungus. Water or alcohol are typically employed in the extraction process.

Poria has a long history of usage in traditional Chinese medicine, where its potential for therapeutic effects is highly appreciated.

Active substances: A variety of bioactive substances, including polysaccharides, triterpenes, and other phytochemicals, are thought to contribute to the extract's possible health benefits.

## Application

### Health Advantages:

**Immune System Support:** White poria extract is known to have immune-boosting properties that help the body's natural defense systems.

**Anti-inflammatory Effects:** It is well known for having anti-inflammatory properties that may aid in reducing inflammation and alleviating the symptoms of inflammatory illnesses.

**Antioxidant Activity:** The antioxidants included in poria extract can protect cells from free radical damage and protect them from oxidative stress.

**Digestive Support:** It has traditionally been used to help promote overall digestive well-being, relieve gastrointestinal discomfort, and support good digestion.

White poria extract is sometimes used as a sleep and relaxation aid to promote restful sleep patterns and reduce stress levels.

### Utilization:

White poria extract is commonly used in herbal medicines and supplements that target inflammation, immune system function, digestive health, and overall well-being.

It has been used in traditional Chinese medicine to treat a variety of diseases, including fatigue, insomnia, and digestive problems.

Poria extract is occasionally used to skincare products due to its antioxidant and anti-inflammatory benefits for the skin.

Poria is a food element in numerous culinary cultures, particularly soups and herbal teas.

## Advantage

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.

2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.

3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

## FAQ

### How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often.

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

### Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

### How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple

tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

**Does a discount apply to large orders?**

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

**What forms of payment do you accept?**

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

**Do you deliver to parcel lockers at PO boxes?**

YES, we could deliver to parcel lockers at PO boxes!

**Can I get a tracking number from you?**

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
