

High quality Cosmetic Grade Tea polyphenol Light Orange Solid CAS 84650-60-2

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-84650-60-2
- Minimum Order Quantity: 1KG
- Price: \$50.00 - \$100.00
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 20000T

Product Specification

Description

Welcome to our company, a leading supplier of high-quality chemical raw materials. We specialize in providing a diverse range of chemical products, and we are excited to introduce our flagship offering, Tea polyphenol (CAS 84650-60-2), catering to your specific chemical needs with exceptional reliability and performance.

Tea polyphenol, derived from tea leaves, is a natural compound renowned for its numerous health benefits. Our Tea polyphenol, sourced from reputable manufacturers, is of the highest quality and purity, making it the ideal choice for your chemical requirements.

Key Features:

1. **High Purity:** Our Tea polyphenol (CAS 84650-60-2) is meticulously produced using advanced extraction techniques, ensuring a high level of purity that meets or exceeds industry standards.
2. **Versatility:** Tea polyphenol finds applications across various industries, including pharmaceuticals, cosmetics, and food and beverages. Its unique properties make it a valuable ingredient for numerous formulations and processes.
3. **Antioxidant Properties:** Tea polyphenol is known for its potent antioxidant properties, which help protect cells from oxidative stress and damage caused by free radicals. It is valued for its potential health-promoting effects.
4. **Quality Control:** We prioritize quality control at every stage of the manufacturing process, ensuring that our Tea polyphenol consistently meets the required specifications and purity standards.
5. **Expertise:** With our extensive experience and a team of skilled professionals, we are committed to providing chemical raw materials that surpass customer expectations.

Applications:

Tea polyphenol (CAS 84650-60-2) has diverse applications in various industries, including:

- **Pharmaceuticals:** Tea polyphenol is utilized in the pharmaceutical industry for its potential health benefits. It is being studied for its antioxidant, anti-inflammatory, and antimicrobial properties. Tea polyphenol may have applications in formulations targeting cardiovascular health, immune support, and other wellness-focused products.
 - **Cosmetics:** Tea polyphenol is a valued ingredient in cosmetic formulations. It is known for its potential to protect the skin from oxidative stress, promote skin health, and provide anti-aging benefits. It is often incorporated into skincare products, such as serums, creams, and lotions.
 - **Food and Beverages:** Tea polyphenol is used in the food and beverage industry due to its antioxidant properties and potential health benefits. It can be found in various beverages, including teas, juices, and functional drinks. Tea polyphenol is also utilized in dietary supplements and functional food products.
- For detailed technical specifications, pricing, and any further inquiries regarding Tea polyphenol (CAS 84650-60-2), please do not hesitate to contact us. Our dedicated team is ready to assist you and provide tailored solutions to meet your unique chemical needs.

Application

Tea polyphenol (CAS 84650-60-2) is a versatile chemical compound with numerous applications. Here's a product description optimized for Google SEO that includes the keyword Tea polyphenol (CAS 84650-60-2):

Product Description:

Welcome to our company, a leading supplier of high-quality chemical raw materials. We specialize in providing a wide range of chemical products, and we are pleased to introduce our flagship offering, Tea polyphenol (CAS 84650-60-2). Our Tea polyphenol is sourced from premium tea leaves, ensuring exceptional quality and purity for your chemical needs.

For detailed technical specifications, pricing, and further inquiries regarding Tea polyphenol (CAS 84650-60-2), please feel free to contact us. Our dedicated team is ready to assist you and provide tailored solutions to meet your specific chemical requirements.

Please keep in mind that this is a sample product description, and you can adapt and customize it to suit your specific product features and target audience. It is important to incorporate keywords naturally and avoid excessive keyword stuffing to maintain readability and appeal to both search engines and potential customers.

Advantage

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.
2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.
3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
