

Good Price CAS 1197-18-8 Tranexamic Acid White Crystal Powder In Stock 99% Purity

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-CAS 1197-18-8
- Minimum Order Quantity: 1KG
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 2000T

Product Specification

- Product Name: Tranexamic Acid
- CAS NO: 1197-18-8
- Purity: 99%
- Shelf Life: 2 Years

Product Description

Specifications

Product Name:	Tranexamic Acid
Synonyms:	TIMTEC-BB SBB006715;TRANS-4-AMINOMETHYL-1-CYCLOHEXANECARBOXYLIC ACID;trans-4-aminomethylcyclohexane-1-carboxylate;TRANS-4-(AMINOMETHYL)CYCLOHEXANECARBOXYLIC ACID;cyclocapron;cyklokapron;dv-79;emorhalt
CAS:	1197-18-8
MF:	C8H15NO2
MW:	157.21
EINECS:	214-818-2
Melting point	>300 °C (lit.)
Boiling point	281.88°C (rough estimate)
density	1.0806 (rough estimate)
vapor pressure	1.72hPa at 25
refractive index	1.4186 (estimate)
storage temp.	2-8°C
solubility	Freely soluble in water and in glacial acetic acid, practically insoluble in acetone and in ethanol (96 per cent).
form	Crystalline Powder

Description

Our company specializes in the supply of premium-quality chemical raw materials, with a particular focus on Tranexamic Acid, which has the CAS number 1197-18-8. As a reliable supplier in the industry, we are committed to meeting the diverse needs of our customers.

Tranexamic Acid is a synthetic compound widely used in various sectors, including pharmaceuticals, cosmetics, and textiles. In the pharmaceutical field, it is known for its hemostatic properties, effectively controlling and reducing excessive bleeding during surgeries, trauma cases, and specific medical conditions.

In the cosmetics industry, Tranexamic Acid is gaining recognition for its beneficial effects on the skin. It helps in brightening the complexion, reducing the appearance of dark spots, hyperpigmentation, and melasma. With its ability to inhibit melanin production, Tranexamic Acid promotes a more even skin tone and a radiant complexion. Furthermore, Tranexamic Acid is also used as a dye-fixing agent in the textile sector. It enhances color fastness and prevents color bleeding during dyeing and printing processes, ensuring high-quality and long-lasting results.

Application

CAS 1197-18-8 corresponds to the chemical compound Tranexamic Acid. Tranexamic Acid has various applications across different industries, including pharmaceuticals, cosmetics, and textiles.

In the pharmaceutical field, Tranexamic Acid is primarily used as an antifibrinolytic agent. It helps in the prevention and control of excessive bleeding by preventing the breakdown of blood clots. Tranexamic Acid is commonly used in surgical procedures, dental surgeries, and in the treatment of medical conditions such as heavy menstrual bleeding and hereditary angioedema.

Tranexamic Acid also has potential uses in other medical fields. It has been studied for its efficacy in reducing blood loss during childbirth, managing hemoptysis (coughing up blood), and controlling bleeding in trauma cases.

In the cosmetics industry, Tranexamic Acid is gaining recognition for its skin brightening and anti-inflammatory properties. It helps to reduce the appearance of dark spots, hyperpigmentation, and melasma by inhibiting the production of melanin in the skin. Tranexamic Acid is commonly used in skincare products such as serums, creams, and spot treatments targeting uneven skin tone and discoloration.

In the textile industry, Tranexamic Acid is used as a dye-fixing agent to improve color fastness and prevent color bleeding during the dyeing and printing processes. It ensures vibrant and long-lasting colors in textile products.

Advantage

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.
2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.
3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
