

1 2-Hexanediol Raw Cosmetic Ingredients C6H14O2 CAS 6920-22-5

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: FIRSKY
- Model Number: 6920-22-5
- Minimum Order Quantity: 1KG
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 2000T

Product Specification

- Product Name: 1,2-Hexanediol
- CAS NO: 6920-22-5
- Molecular Formula: C6H14O2
- Molecular Weight: 118.17
- Highlight: **1 2-Hexanediol Raw Cosmetic Ingredients, Raw Cosmetic Ingredients 6920-22-5, 1 2 hexanediol C6H14O2**

Product Description

1,2-Hexanediol CAS 6920-22-5 Description

The chemical compound 1,2-hexanediol has the formula C₆H₁₄O₂. It is a viscous, colorless, odorless liquid that is a member of the alcohol class. It is frequently utilized in many different sectors and applications, such as industrial procedures, personal care items, and cosmetics.

Application

1. Humectant and Solvent: 1,2-Hexanediol is frequently employed in the formulation of cosmetics and other personal hygiene items. Active chemicals, scents, and preservatives are just a few of the components it can aid in dissolving and stabilizing. It also has humectant properties, which aid in drawing and holding onto moisture in the skin and hair.

2. Preservative: Due to its antibacterial qualities, 1,2-hexanediol is also effective as a preservative in a variety of formulations. It contributes to the prevention of microbiological contamination and the extension of product shelf life by inhibiting the growth of bacteria, fungus, and other microorganisms.

3. Moisturizer: 1,2-Hexanediol can enhance the moisturizing benefits of skincare and haircare products because of its humectant qualities. By drawing in and holding onto moisture, it keeps the skin and hair hydrated and enhances their look and feel.

4. Industrial Uses: 1,2-Hexanediol is utilized in a number of industrial procedures. It is a raw material that is used to make adhesives, resins, and plastics. Additionally, it can be used as a coupling agent when making paints, coatings, and inks.

5. Cleaning and Surface Treatment: In several commercial and home cleaning products, 1,2-hexanediol is used as a surfactant or cleaning agent. It improves the overall cleaning efficiency and aids in the dissolution of grease and grime.

It is crucial to remember that 1,2-Hexanediol should only be used in accordance with the manufacturer's detailed instructions or the advice of experts in the relevant fields. For advice based on your unique needs, it is advised that you speak with pertinent authorities or specialists if you have any specific worries or inquiries regarding the usage of 1,2-Hexanediol.

Advantage

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.

2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.

3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often.

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
