Product Description**Collagen CAS 9064-67-9 plant extract powder****Description**

Collagen is the principal structural protein in the body's connective tissues (skin, bones, tendons, ligaments, and cartilage). It is critical for maintaining joint flexibility, skin suppleness, and overall tissue health.

Collagen is a widely sought-after ingredient in cosmetic formulations due to its potential to increase skin hydration, reduce wrinkles, and improve skin firmness. With age, collagen production slows, resulting in elasticity loss and the appearance of fine lines and wrinkles. Collagen aids skincare products in promoting and restoring the skin's natural collagen levels, resulting in the look of younger, more vibrant skin.

Collagen also improves hair thickness and structure, as well as strengthening hair strands in hair care products.

Application

Anti-Aging Skincare: Collagen is widely used in anti-aging skincare products such as creams, serums, and masks to battle the signs of aging, promote skin firmness, and reduce the appearance of fine lines and wrinkles.

Hair Care Formulations: The component is added to hair care products such as shampoos and conditioners to strengthen hair, increase elasticity, and improve overall hair health.

Collagen is found in dietary supplements that improve joint mobility, boost bone density, and promote overall joint health.

Advantage

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.
2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.
3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

FAQ**How do I make a purchase?**

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
