

99% Purity Nicotinamide Riboside Chloride White Powder CAS 23111-00-4

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Firsky
- Model Number: FS-23111-00-4
- Minimum Order Quantity: 1KG
- Price: CN¥213.53 - CN¥355.87
- Packaging Details: 1kg, 5kg, 15kg, 20kg, 25kg can be packed in different specifications. Packaging can be customized according to customer requirements. Aluminium foil bag and carton.
- Delivery Time: 7-15days
- Payment Terms: T/T, Western Union, MoneyGram
- Supply Ability: 20000T

Product Specification

- Highlight: Nicotinamide Riboside Chloride White Powder, 99% Purity Nicotinamide Riboside Chloride, Anti Aging Ingredients 23111-00-4

Description

Our company specializes in providing high-quality chemical raw materials, and we are proud to introduce our flagship product - Nicotinamide Riboside Chloride (CAS 23111-00-4).

Nicotinamide Riboside Chloride is a powerful chemical compound widely used in various industries. It is known for its exceptional purity, reliability, and effectiveness. Our product is meticulously manufactured under strict quality control measures to ensure the highest standards are met.

Key Features:

1. CAS Number: The Nicotinamide Riboside Chloride we offer has a CAS number of 23111-00-4, guaranteeing its authenticity and traceability.
2. High Purity: Our product boasts an exceptionally high level of purity, ensuring optimal performance and results.
3. Reliable Source: We source our Nicotinamide Riboside Chloride from trusted suppliers, ensuring consistent quality and reliability.
4. Versatility: Nicotinamide Riboside Chloride finds applications in various industries, including pharmaceuticals, cosmetics, and research.
5. Research-Backed Benefits: Extensive research supports the numerous benefits of Nicotinamide Riboside Chloride, making it a sought-after compound in the market.
6. Compliance with Regulations: Our product fully complies with industry regulations and standards, giving you peace of mind.

Applications:

- Pharmaceutical Industry: Nicotinamide Riboside Chloride is utilized in the development and formulation of innovative drugs and supplements.
- Cosmetics Industry: Our product is used in the production of skincare and beauty products to enhance their effectiveness.
- Research Institutions: Nicotinamide Riboside Chloride is a valuable compound extensively used in scientific research and studies.

With our high-quality Nicotinamide Riboside Chloride (CAS 23111-00-4), you can trust that you are getting a reliable product that meets your specific requirements. Contact us today to learn more about our offerings and how we can serve your chemical raw material needs.

Application

2-bromo-4-chloropropiophenone (CAS 877-37-2) is a versatile chemical compound with various applications. Here are some common uses of 2-bromo-4-chloropropiophenone:

1. Pharmaceutical Synthesis: 2-bromo-4-chloropropiophenone is widely used as an intermediate in the synthesis of pharmaceutical compounds. It serves as a key building block in the production of drugs and active pharmaceutical ingredients (APIs).
2. Agrochemicals: This chemical compound is utilized in the manufacturing of agrochemicals such as pesticides, herbicides, and fungicides. It plays a crucial role in the formulation of effective crop protection products.
3. Organic Synthesis: 2-bromo-4-chloropropiophenone is employed in various organic synthesis reactions. It serves as a valuable reagent for the introduction of specific functional groups into organic molecules.
4. Chemical Research: Due to its unique chemical properties, 2-bromo-4-chloropropiophenone is frequently used in research laboratories for experimental purposes. It enables scientists to explore new reactions and develop innovative chemical compounds.

It is important to note that the uses of 2-bromo-4-chloropropiophenone may extend beyond the applications mentioned above. Always refer to reliable sources and consult with professionals to ensure the appropriate and safe utilization of this compound in specific contexts.

Advantage

1. Firsky (Wuhan) continues to make efforts to steadily offer clients high-quality items. We have put in place a reliable internal quality management system and are always working to increase quality, decrease deviation, and eliminate waste.
2. If you have any questions, don't hesitate to ask them; we'll get back to you within 48 hours.
3. After getting the items, if you have any questions, don't hesitate to get in touch with us. We promise to compensate you in full if we were the source of the loss.

FAQ

How do I make a purchase?

We advise that you speak with our customer support personnel before placing an order because the market price of chemical raw materials fluctuates often

1. Please let me know which products you require and how many of each you need.
2. We will provide you with the best pricing right away, including delivery charges.
3. If the price seems reasonable to you, you can select a payment option to complete the transaction.
4. After we confirm your payment, your shipment will be wrapped and dispatched within 24 hours.
5. Two days after the package is sent out, a tracking number and packing photo will be provided.
6. We wish you a wonderful shopping experience and encourage you to get in touch with us if there are any problems.

Which delivery alternatives are available?

All Fushikai orders are shipped from Japan using FEDEX, UPS, DHL, Airmail, Surface Mail, EMS (Japan Post), and Economical Air (SAL). Depending on the various nations, we will select the best choice. Once payment has been received, the approximate delivery time is 5-7 working days.

How are your products verified?

We use our own quality control team to inspect each batch of products. Only at least 98% of pharmaceutical raw materials are used in the synthesis process, rather than cheap sources that are replicated using discarded chemical ingredients. Multiple tests are conducted using cutting-edge equipment to ensure perfect accuracy in determining the potency, purity and quality of ingredients and finished products.

Does a discount apply to large orders?

After your order reaches a particular value, there is a large discount. Several seasonal sales and promotions are available from us.

What forms of payment do you accept?

We accept payments with Western Union, Bitcoin, e-transfers, bank transfers, MoneyGram, and Alipay in addition to all other forms of cryptocurrency.

Do you deliver to parcel lockers at PO boxes?

YES, we could deliver to parcel lockers at PO boxes!

Can I get a tracking number from you?

We will provide you the tracking number and some images of the items you ordered as soon as the shipment is planned. For the most up-to-date tracking updates, please go to our preferred site.
